

smacc2::introspection
::SmaccEventInfo::getEventSourceName

```
graph LR; A[smacc2::introspection::SmaccEventInfo::getEventSourceName] --> B[smacc2::introspection::demangleSymbol]; B --> B;
```

The diagram illustrates a function call. A grey box on the left represents the caller, `smacc2::introspection::SmaccEventInfo::getEventSourceName`. A blue arrow points from this box to a white box on the right, which represents the callee, `smacc2::introspection::demangleSymbol`. Additionally, a curved blue arrow on the right box indicates a self-call or recursive invocation of `demangleSymbol`.
