

cl_keyboard::CbDefaultKeyboard
Behavior::onStateOrthogonalAllocation

```
graph LR; A[cl_keyboard::CbDefaultKeyboard  
Behavior::onStateOrthogonalAllocation] --> B[cl_keyboard::CbDefaultKeyboard  
Behavior::postKeyEvent]
```

A diagram showing a call from the function `onStateOrthogonalAllocation` to the function `postKeyEvent`. The call is represented by a blue arrow pointing from the left box to the right box.

cl_keyboard::CbDefaultKeyboard
Behavior::postKeyEvent
