The diagram illustrates a mapping or inheritance relationship. On the left, two white rectangular boxes represent source functions: 'cl_nav2z::CbNav2ZClientBehavior Base::cancelGoal' (top) and 'cl_nav2z::CbAbortNavigation ::onEntry' (bottom). On the right, a gray rectangular box represents the target function: 'smacc2::client_bases ::SmaccActionClientBase ::cancelGoal'. Two blue arrows point from the source boxes to the target box, indicating that both source functions are mapped to or inherit from the target function.
