

smacc2::introspection
::SmaccStateInfo::getLogger

A diagram showing a call from a logging function to a node retrieval function. On the left, a gray box contains the text 'smacc2::introspection' and '::SmaccStateInfo::getLogger'. A blue arrow points from this box to a white box on the right. The white box contains the text 'smacc2::introspection' and '::SmaccStateInfo::getNode'.
