

```
boost::statechart::  
event< EvKeyPressA<  
    TSource, TOrthogonal > >
```

The diagram illustrates an inheritance relationship. A light blue box at the top represents the base class `boost::statechart::event< EvKeyPressA< TSource, TOrthogonal > >`. A dark gray box at the bottom represents the derived class `cl_keyboard::components::EvKeyPressA< TSource, TOrthogonal >`. A blue arrow points from the top of the derived class box to the bottom of the base class box, indicating that the derived class inherits from the base class.

```
cl_keyboard::components  
::EvKeyPressA< TSource,  
    TOrthogonal >
```
