

smacc2_client_library
/cl_nav2z/custom_planners
/nav2z_planners_common/include
/nav2z_planners_common/nav2z
_client_tools.hpp

```
graph TD; A["smacc2_client_library  
/cl_nav2z/custom_planners  
/nav2z_planners_common/include  
/nav2z_planners_common/nav2z_client_tools.hpp"] --> B["vector"]; A --> C["geometry_msgs/msg/pose_stamped.hpp"]; A --> D["rclcpp/rclcpp.hpp"];
```

The diagram illustrates the dependencies of the header file `nav2z_client_tools.hpp` located within the `smacc2_client_library` at the path `/cl_nav2z/custom_planners/nav2z_planners_common/include`. Three blue arrows point from the main box to three separate boxes below, representing the included headers: `vector`, `geometry_msgs/msg/pose_stamped.hpp`, and `rclcpp/rclcpp.hpp`.

vector

geometry_msgs/msg/pose
_stamped.hpp

rclcpp/rclcpp.hpp
