The diagram illustrates a dependency relationship between three files in the smacc2_client_library. At the top is a header file (cb_navigate_backwards.hpp) located in the include directory. Below it are two source files: one in the src directory (cb_navigate_backward.cpp) and another in the include directory (client_behaviors.hpp). Both source files have blue arrows pointing to the header file, indicating that they include or depend on it.
