

```
boost::statechart::  
event< EvKeyPressR<  
    TSource, TOrthogonal > >
```

The diagram shows two class boxes. The top box is white and contains the text 'boost::statechart::event< EvKeyPressR< TSource, TOrthogonal > >'. The bottom box is gray and contains the text 'cl_keyboard::components::EvKeyPressR< TSource, TOrthogonal >'. A blue arrow with an open triangular head points from the bottom box to the top box, indicating that the bottom class inherits from the top class.

```
cl_keyboard::components  
::EvKeyPressR< TSource,  
    TOrthogonal >
```
