

```
boost::statechart::  
event< EvTransitionOnError  
Success< TSourceObject,  
        TOrthogonal > >
```

The diagram shows two class boxes. The top box is white with a black border and contains the text for the `boost::statechart::event` class. The bottom box is gray with a black border and contains the text for the `cl_lifecycle_node::EvTransitionOnErrorSuccess` class. A blue arrow points from the bottom box to the top box, indicating that the bottom class inherits from the top class.

```
cl_lifecycle_node::  
EvTransitionOnErrorSuccess  
< TSourceObject, TOrthogonal >
```
