

```
boost::statechart::  
event< EvTransitionOnDeactivate  
Error< TSourceObject, TOrthogonal > >
```

The diagram illustrates an inheritance relationship between two C++ classes. A light blue box at the top represents the base class, and a gray box at the bottom represents the derived class. A blue arrow with an open triangular head points from the derived class box up to the base class box, indicating that the derived class inherits from the base class.

```
cl_lifecycle_node::  
EvTransitionOnDeactivateError  
< TSourceObject, TOrthogonal >
```
