

```
boost::statechart::  
event< EvCountdownEnd  
< TReactorType, EmptyObjectTag > >
```

The diagram illustrates a specialization relationship. At the top is a white box representing the base type `boost::statechart::event< EvCountdownEnd < TReactorType, EmptyObjectTag > >`. Below it is a grey box representing the specialized type `smacc2::state_reactors::EvCountdownEnd< TReactorType, TReactorTag >`. A blue arrow points from the top of the grey box to the bottom of the white box, indicating that the grey box is a specialization of the white box.

```
smacc2::state_reactors  
::EvCountdownEnd< TReactorType,  
TReactorTag >
```
