

```
boost::statechart::  
event< EvRadialMotion  
< AsyncCB, Orthogonal > >
```

The diagram shows two class boxes. The top box is white and contains the text 'boost::statechart::event< EvRadialMotion < AsyncCB, Orthogonal > >'. The bottom box is gray and contains the text 'cl_mission_tracker::EvRadialMotion< AsyncCB, Orthogonal >'. A blue arrow with an open triangle head points from the bottom box to the top box, indicating inheritance.

```
cl_mission_tracker  
::EvRadialMotion< AsyncCB,  
Orthogonal >
```
