

```
boost::statechart::  
event< EvKeyPressR<  
    TSource, TOrthogonal > >
```

The diagram illustrates an inheritance relationship. A light blue arrow points upwards from the bottom box to the top box, indicating that the bottom box inherits from the top box. Both boxes are divided into three horizontal sections. The top section of each box contains C++ code, while the bottom two sections are empty.

```
cl_keyboard::EvKeyPressR  
< TSource, TOrthogonal >
```
