

```
boost::statechart::  
event< EvSPattern< AsyncCB,  
        Orthogonal > >
```

A UML class diagram showing inheritance. The base class, `boost::statechart::event< EvSPattern< AsyncCB, Orthogonal > >`, is represented by a white box with a black border. The derived class, `cl_mission_tracker::EvSPattern< AsyncCB, Orthogonal >`, is represented by a gray box with a black border. A blue arrow with an open triangular head points from the derived class to the base class, indicating inheritance.

```
cl_mission_tracker  
::EvSPattern< AsyncCB,  
        Orthogonal >
```
