The diagram illustrates a class hierarchy. At the top is the 'TCbRelativeMotion' class, represented by a grey box with three horizontal sections. Below it is the 'cl_nav2z::CbRetry<TCbRelativeMotion>' class, shown as a white box with three sections. A blue arrow with an open triangular head points from the 'cl_nav2z::CbRetry' class up to the 'TCbRelativeMotion' class, indicating that 'cl_nav2z::CbRetry' inherits from 'TCbRelativeMotion'.
