

```
boost::statechart::  
event< EvTransitionOnCleanup  
Failure< TSourceObject, TOrthogonal > >
```

The diagram shows two class boxes. The top box is white with a black border and contains the text 'boost::statechart::event< EvTransitionOnCleanupFailure< TSourceObject, TOrthogonal > >'. The bottom box is gray with a black border and contains the text 'cl_lifecycle_node::EvTransitionOnCleanupFailure< TSourceObject, TOrthogonal >'. A blue arrow with a hollow triangular head points from the top of the gray box to the bottom of the white box, indicating that the gray class inherits from the white class.

```
cl_lifecycle_node::  
EvTransitionOnCleanupFailure  
< TSourceObject, TOrthogonal >
```
