

```
cl_modbus_tcp_relay  
::CpModbusConnection  
::onInitialize
```

A diagram showing a call from the `onInitialize` method to the `declareAndLoadParam` method. A blue arrow points from the `onInitialize` box on the left to the `declareAndLoadParam` box on the right.

```
cl_modbus_tcp_relay  
::CpModbusConnection  
::declareAndLoadParam
```
