

cl_nav2z::CbNav2ZClientBehavior
Base::cancelGoal

cl_nav2z::CbAbortNavigation
::onEntry

cl_nav2z::components
::CpNav2ActionInterface
::cancelNavigation

```
graph LR; A["cl_nav2z::CbNav2ZClientBehavior  
Base::cancelGoal"] --> C["cl_nav2z::components  
::CpNav2ActionInterface  
::cancelNavigation"]; B["cl_nav2z::CbAbortNavigation  
::onEntry"] --> C;
```

The diagram illustrates two function calls pointing to a common target. On the left, there are two white rectangular boxes. The top box contains the text 'cl_nav2z::CbNav2ZClientBehavior' followed by 'Base::cancelGoal' on a new line. The bottom box contains 'cl_nav2z::CbAbortNavigation' followed by '::onEntry' on a new line. On the right, there is a gray rectangular box containing 'cl_nav2z::components' followed by '::CpNav2ActionInterface' and '::cancelNavigation' on separate lines. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both functions call the same target.
