

```
boost::statechart::  
event< EvKeyPressE<  
    TSource, TOrthogonal > >
```

The diagram illustrates an inheritance relationship. At the top is a white box representing the base class `boost::statechart::event< EvKeyPressE< TSource, TOrthogonal > >`. It is divided into three horizontal sections. Below it is a gray box representing the derived class `cl_keyboard::components::EvKeyPressE< TSource, TOrthogonal >`, also divided into three horizontal sections. Two blue arrows point upwards from the top of the gray box to the bottom of the white box, indicating that the gray box inherits from the white box.

```
cl_keyboard::components  
::EvKeyPressE< TSource,  
    TOrthogonal >
```
