

```
boost::statechart::  
event< EvTransitionInactive  
Shutdown< TSourceObject,  
TOrthogonal > >
```

The diagram shows a class hierarchy. The top class, `boost::statechart::event< EvTransitionInactiveShutdown< TSourceObject, TOrthogonal > >`, is represented by a white box with a black border. The bottom class, `cl_lifecyclenode::EvTransitionInactiveShutdown< TSourceObject, TOrthogonal >`, is represented by a gray box with a black border. A blue arrow points from the bottom class to the top class, indicating inheritance.

```
cl_lifecyclenode::EvTransition  
InactiveShutdown< TSourceObject,  
TOrthogonal >
```
