

```
boost::statechart::  
event< EvTransitionOnDeactivate  
Failure< TSourceObject, TOrthogonal > >
```

The diagram consists of two rectangular boxes. The top box is white with a black border and contains the text for the `boost::statechart::event` class. The bottom box is gray with a black border and contains the text for the `cl_lifecycle_node::EvTransitionOnDeactivateFailure` class. A blue arrow with an open triangular head points from the top of the gray box to the bottom of the white box, indicating that the gray class inherits from the white class.

```
cl_lifecycle_node::  
EvTransitionOnDeactivateFailure  
< TSourceObject, TOrthogonal >
```
