

smacc2

src

49

include

```
graph TD; subgraph smacc2; src[src] -- 49 --> include[include]; end;
```

The diagram illustrates a relationship within a container labeled 'smacc2'. Inside this container, there are two rectangular boxes. The top box is labeled 'src' and the bottom box is labeled 'include'. A blue arrow points from the 'src' box down to the 'include' box. The number '49' is written in blue next to the arrowhead, indicating a specific value or index associated with this relationship.
