The diagram illustrates a mapping from two source functions to a single target function. On the left, there are two white rectangular boxes. The top box contains the text 'cl_lifecycle_node:: CbDeactivate::onEntry'. The bottom box contains the text 'cl_lifecycle_node:: CbDeactivateOnExit:: onExit'. On the right, there is a gray rectangular box containing the text 'cl_lifecycle_node:: CLifecycleNode::deactivate'. Two blue arrows originate from the right side of the top-left box and the right side of the bottom-left box, both pointing towards the left side of the gray box on the right.
