

```
boost::statechart::  
event< EvKeyPressR<  
    TSource, TOrthogonal > >
```

The diagram illustrates an inheritance relationship. A light blue arrow points from the bottom of the lower box to the top of the upper box. The upper box is white with a black border and contains the text 'boost::statechart::event< EvKeyPressR< TSource, TOrthogonal > >'. The lower box is gray with a black border and contains the text 'cl_keyboard::EvKeyPressR< TSource, TOrthogonal >'. Both boxes have two horizontal lines below the text, representing a class structure.

```
cl_keyboard::EvKeyPressR  
< TSource, TOrthogonal >
```
