

```
boost::statechart::  
event< EvMoveGroupMotionExecution  
Succeeded< TSource, TOrthogonal > >
```

The diagram shows a base class box at the top and a derived class box at the bottom. The base class box is white with a black border and contains the text 'boost::statechart::' followed by 'event< EvMoveGroupMotionExecution Succeeded< TSource, TOrthogonal > >' on two lines. The derived class box is gray with a black border and contains the text 'cl_moveit2z::EvMoveGroupMotionExecutionSucceeded < TSource, TOrthogonal >' on two lines. Two blue arrows point from the top of the derived class box to the bottom of the base class box, indicating inheritance.

```
cl_moveit2z::EvMoveGroup  
MotionExecutionSucceeded  
< TSource, TOrthogonal >
```
