

```
boost::statechart::  
event< EvTransitionOnShutdown  
Error< TSourceObject, TOrthogonal > >
```

The diagram shows two class boxes. The top box is white with a black border and contains the text 'boost::statechart::event< EvTransitionOnShutdownError< TSourceObject, TOrthogonal > >'. The bottom box is gray with a black border and contains the text 'cl_lifecycle_node::EvTransitionOnShutdownError< TSourceObject, TOrthogonal >'. A blue arrow with a hollow triangular head points from the bottom box to the top box, indicating that the bottom class inherits from the top class.

```
cl_lifecycle_node::  
EvTransitionOnShutdownError  
< TSourceObject, TOrthogonal >
```
