The diagram illustrates a mapping between two source functions and a target function. On the left, there are two white rectangular boxes. The top box contains the text 'cl_gcalcli::CbDetectCalendarEvent::onEntry' and the bottom box contains 'cl_gcalcli::CbEventDetect::onEntry'. On the right, there is a gray rectangular box containing the text 'cl_gcalcli::CpCalendarEventListener::onEventStarted'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating a relationship or mapping from the source functions to the target function.
