```

The diagram illustrates a call graph where two separate callback functions, `cl_nav2z::CbPauseSlam::onEntry` and `cl_nav2z::CbResumeSlam::onEntry`, both point to a single target function, `cl_nav2z::CpSlamToolbox::toggleState`. The target function is highlighted with a gray background, while the source functions have white backgrounds. Blue arrows indicate the direction of the calls from the source functions to the target.
